

CoworkingToronto Coworking Week 2014

Aug 9 is *International Coworking Day*, a day to celebrate the beginning of the coworking movement. Since it falls on a Sat this year, we're celebrating all week with different events in several of the spaces in the CoworkingToronto collective. It's a great way to explore coworking spaces, meet new people, and discover the many benefits that coworking can offer! Full details of each event are at coworkingtoronto.ca.

See what's being celebrated at a space near you, or visit one you've never been to.
